

## **PROPERTY TAX RELIEF**

### **FOR PROPERTIES AFFECTED BY THE OSO MUDSLIDE AND FLOOD:**

Please rest assured that in the majority of cases the Snohomish County Assessor's Office will reduce the assessed values of damaged or destroyed properties without property owners needing to file a claim for property tax relief.

Only those properties that are not readily identified as damaged or destroyed by an exterior inspection should need to contact our office or file an application for relief.

We wish to express our deep sympathy and condolences for all of those affected by this tragedy.

For more information, please call the Assessor's office at 425-388-3433 or visit the State of Washington Dept. of Revenue's website at:
